First Responders	As they work to clean up after the storm	
	...My heart's desire and prayer to God... is that they may be saved (Romans 10:1 NIV).	Please continue to pray for your "one" and ALL the lost & unchurched
Members Needs		
Mary Belser	Admitted to Dadeville Hospital Tuesday, recovering from COVID; better today, will be there a couple more days	

June Clark	C Diff much better, finished antibiotic; bland diet for 2 months, still tires easily
Bob Daniel	Back pain, Diagnosis is degenerative disc disease so no magic pill; admitted to Grandview, has been better the last few days, transported to Regional Rehab in Phenix City Tuesday; Cheryl is so thankful for God getting him this far; please pray he will be able to do the hard work at rehab
Wayne & Belinda Daugherty	Doing really well, tolerated the trip to be with his daughter well, Tiffany is doing much better
Glen & Connie Elmore	Test showed cancer spread to lymph nodes and his hip
Bubba & LuCile Gibson	LuCile will see podiatrist in January to discuss much needed foot surgery; results from CT scan showed Bubba's aortic aneurysm is at 5.8 cm which is at the operable stage, surgery went well, stayed in ICU Tuesday night, they are going to keep him one more night to make sure everything is ok and do some PT this afternoon to make sure his mobility is where it should be
Shelia Gulledege	Doing ok, memory loss worse but not sleeping as much, been having stomach issues but hoping meds help
Pete Harris	Keep praying his PSA number remains below 4; PSA was 1.25 at last check-up; back for another check-up February 16th; pray for 0 PSA
Christy Harrison	Found 5 varicies & banded them to stop bleeding, appears she has cirrhosis, probably caused from treatments for leishmaniasis and chemo, not a candidate for liver transplant, appt. with oncologist to determine plan for chemo
Gayle Hawkins	Follow up appointment with ENT after her sinus surgery, still some infection so back in 2 weeks
Bill & Jan Holland	Jan has Health issues, just never feels good Bill fell; hit his head, knee, and bruises & cuts, got checked out at Urgent Care, very sore
Evelyn Huey	Neck pain, high BP issues; did x-rays and a CT scan with contrast; tests showed bone spurs & compression @ the top of her neck, can't have surgery due to damage to lungs caused by COVID, will see neurosurgeon Friday at 2:30
Brandon Jones	Shoulder surgery went well; doing good, doctor started him on a few small exercises but can't start PT for 3 more weeks
Mike Kilgore	Continue prayers; latest blood work good
Brenda Lipscomb (John) Family	Tentative graveside service in Auburn Friday
Lucy Little	Thyroid biopsy & CT scan on her lungs, please pray for good results
Frances Long	Fell and hit her head & hurt her leg & hip, x-rays were done, no official word yet but Mrs. Frances said they told her it didn't look like anything was broken
Margaret Matthews	congestive heart failure; had a couple of episodes last Thursday night, pretty much went comatose, not eating or drinking much; family thinks she is transitioning to the next life
Linda McGuirt	No COVID or flu, but she does have bronchitis & is coughing a LOT
Elizabeth McGukin	Doing much better, has one spot on her leg that doesn't want to heal
Meg Melton	Shingles since Thanksgiving, Still having head & ear pain, not sure if it is still shingles related or ear issues; ENT doctor said Meg needed hearing aids, she will go on the 7 th to try some; she has negative pressure in both ears & fluid, going to try Flonase for a month then go back; the nerve pain from the shingles could last a year, still struggling with COPD & Crud; moving around & breathing is better
Whitney Rice	Ruptured abscess in colon; surgery to remove part of colon went well, home recovering; back in 6 weeks to discuss reconnection; prayers for continued healing Congratulations to Lolly and Pops on the birth of their new granddaughter Murray Lynn Howell

Danna Roach	Fell & broke her hip yesterday, surgery to put in rods last Wednesday went well; moved to rehab at Russell last Saturday, hoping to go home this Saturday
Carly Smith	Shingles are dried up but the pain is still there
James Smith	experiencing sciatic pain & numbness in his legs & feet. Still tingling & numbness in legs & feet, PT Monday
James Smith	Pray for a meeting room/space that would provide a place for people in the new development off Hwy. 63 to begin meeting until a church could be built, and a church planter to work with them
Jaime Tatom	Surgery for knee replacements went well, pray for her recovery; doing good with PT
Jason Tidwell	Doing ok now, being referred to a urologist at UAB, hoping a fresh set of eyes will help
Susan Tittle	COVID, still coughing but feels much better
Robert & Joann Vaughn	Brownie's Parents, Robert came home from the hospital with Hospice, he is doing better; Joann had a virus Sunday & is still weak
Marcia Ware	Back pain & leg pain
Jim White	Cancer removed on face, bandage for 5 more weeks, then radiation
Joe & Ellen Wright	Recovering from positive COVID tests 5 days ago, coughing & have all the general symptoms but improving bit by bit
Special Requests	
Annabelle Ashworth	Rare form of cancer, goes to Children's every week for chemo, it's a vicious cycle of low lab values & return trips for infusions multiple times a week; they will evaluate how tumor is responding to chemo in late Jan. with the plan for surgery in February, with a possibility of more radiation after surgery
Kathleen Atkins	Doug's mother recovering from COVID & bladder infection, doing
Ed & Carolyn Bishop	COVID
Glenda Brock	Heart problems & health issues Jerry Hughes' sister
Greg Busko	Tom's brother lung cancer, no chemo or radiation, robotic surgery is 2/1/23, Piedmont in Atlanta
Pat Cutts	Many health issues; has 3-4 fractures of her spine; procedure to put cement in these areas did not help; a little better but still trying to get over the RSV, coughing still an issue, can't talk much without losing her breath, symptoms of scleroderma which are hard to keep at bay Jean Gravette's cousin
Randall Davis	Recovering from pneumonia, doing better Holly's Uncle
Sophie Grace Doane	Premature; in prenatal unit for 6 months; home now with trac in throat to help breathing; feeding tube in stomach; making good progress Joel R's great-niece
Mildred East	Cancer in other breast; surgery went well; oncologist thinks prognosis is good, NO CHEMO, will start a new estrogen lowering drug soon, please pray for no horrible side effects; radiation in 2-4 weeks when incisions heal; radiation started Monday Jan. 30th 5 days a week until February 27th Jean Gravette's sister-in-law
Peggy Foreman	Lizz Spencer's Mom EAMC ICU kidney failure; coded last week & was put on a vent, she is off the ventilator & all tubes have been removed, the swelling in her throat literally went down overnight, she is eating & drinking & will go home in the next couple of days! All glory to God! She is home; pray she will continue to improve
Mike Fuller (Brenda)	Mass removed last week, will get pathology report showed he was cancer free Jean Gravette
Shelia Fuller	Still doing chemo even though she is in remission Holly's sister-in-law
Kristie Garduno	Breast cancer, mastectomy, back at work but it's rough; still doing infusions

Baby Garner Graham (Patrick & Hollin)	please continue prayers that there are no other permanent issues, good report from pediatric neurologist, saw a specialist in hyperbaric oxygen therapy, showing some signs of improvement from the therapy, his eyes seem to be tracking better & his physical reflexes & movements seem better; he is thriving ... grown 1.5" and weighs nearly 12 pounds; continues to show improvement in his reflexes & mobility his eyes & reactions seem to be improved as well (as assessed by Mom & Grandmother) Max Graham's Grandson
Justin Gilstrap	11 yr. old in ICU recovering from a three-dog attack while riding his bike, he is missing 70% of his scalp, has several lacerations & staples, he is doing well but is in a lot of pain; he had his 8th surgery last Thursday to clean up his head & leg; he has a blister on the back of the same leg, they did cultures hoping to figure out what the bacteria is Jerry McGukin
Tom Hall	Scheduled for kidney transplant and got COVID Nov. 5 th , must test negative before they can proceed, finally tested negative, Houston Methodist contacted Vanderbilt last Friday about a March 8th surgery date; please pray Vanderbilt & the National Kidney Association (they are involved in transport of the kidney) will agree to the March 8th surgery date Jenny Hall's son
Charles Harmon	Cancer has returned; it is very aggressive; about the same Jane Kile's brother
Betty Harper	Brenda Payne's Mama stroke, PT has done all they can, doing pretty good right now
Bucky & AJ Heard	AJ's breast cancer is stage 1, non-aggressive and treatable, looks like she will have a lumpectomy & probably radiation; had another MRI, no other tumors in either breast but the tumor that is there has grown some but it is still stage 1, the doctor is on vacation but hoping to schedule surgery soon, still have not heard from genetic testing results
Jean Henderson	Debbie Langley's Mother shingles
John Hooten	Prostate cancer Linda K's nephew-in-law
Donna Hornsby	Shannon Dark's mom; cancer; no treatments at this time, she can barely talk which is very frustrating to her; please pray for her daughter Shannon as she helps care for her
Jessica Hudson	Cosby's daughter, still out of remission; back on steroids, should start infusions next week, had to wait on labs before setting up
Karson Hughes	Sonya's 10 yr. old great-nephew; cancer continues to spread, increased symptoms & pain; hard time smiling, losing ability to control face muscles; balance is off more than ever; nausea in the morning & eating is harder & harder, blurry vision, headaches, neck pain; Karson realizes his cancer is growing; please pray for peace & comfort
Larry Johnson (Peggy)	Home from hospital with Home Health, still dealing with issues
Jessica Jones (Bo & Sharon Jones)	Cervical cancer that has possibly spread; surgery this Thursday for the cancer & will have to have a hysterectomy in about 6 weeks following this initial surgery Lizz Spencer
Katie Kennedy	Glen Elmore's youngest daughter; had a stroke: doing much better; back at work; saw cardiologist Jan. 9 th ; heart monitor did not show anything abnormal; scheduled for a TEE Feb. 13th
Shane Kilgore	Sinus surgery to extract a tooth & extensive infection on Feb. 7th
Carol Kuykendall	Spot discovered on lung; biopsy showed cancer; treatments are just a pill for right now; doing ok Charlie's Mom
Dewayne Ledbetter	Holly's cousin's son 45 years old hit by a car, brain-bleed under control; walking with a walker, still slow walking & eating but making progress; issues with eyes from head trauma, still in rehab Holly
Dorcas Little	Lucy's daughter, passed the kidney stone Tuesday morning

Alex Martin	Senior at Beauregard High School; released to go back to sports but lymph nodes still swollen; back in January & if swelling has not gone down, they will do another biopsy; pray for the swelling to go down so they don't have to do another biopsy Stephanie Tidwell
Laura Miller	Cancer MD Anderson Feb. 3rd Jean Miller's daughter-in-law
Krista McGukin	Has had uterine cancer; nodules at the bottom of her lungs have not changed since the last scan; has pneumonia, taking another round of prednisone & antibiotic, please pray this works, she needs to go back to work; went to oncologist Monday & she is sending her to a gastrointestinal doctor, something is going on with her intestines
Robert Missildine	cancer
Frank & Roseanne Modugno	Roseanne saw surgeon in NY on the 9 th ; she needs open heart surgery within 1-3 months; Home from NY, Roseanne will be having open heart surgery in the near future. She is waiting for the hospital in NY to send images & test results to new doctor.
Shelley Moore	Stage 3 non-small cell lung cancer (Adenocarcinoma), one more chemo treatment in 21 (from 1/23/23) days & then they will evaluate for surgery to remove left lung Debbie Thompson's friend
Benford & Judy Morgan	Jerry Hughes neighbors need knee replacement but health prevents surgery
Glen Nelson	Moved to nursing home, not doing well Danna's brother
Angela Parker	Breast cancer
Thad Pate	Diagnosed with cancer in his mouth, PET Scan found an aneurysm in his aorta; has met with one surgeon, goes tomorrow to meet with another surgeon, planning on having surgery the end of February, will have radiation after surgery Bea Pate
Bryce Patten	leukemia, finishes 2 years of chemo in March, he is in remission; bringing home all A's from school, doing great June C.
Linda Kay Peters	Gayle Hawkin's cousin has been in remission but blood work came back bad, back on chemo; had another stroke & is in rehab, not doing good
Bubba Phillips	Surgery on leg got infected; has compression socks & can stay up more, still quite a way to go; appreciates prayers Ann C nephew
Sharon Phillips	Ann C. back pain, still waiting on the pain clinic to call & schedule block
Robert Pickett	Fell & broke his back in 3 places, bad diabetic, needs heart surgery, but his back has to be fixed first
Peggy Prewett	Stage 3A cancer; had double mastectomy; removed 7 lymph nodes 5 had cancer cells; started chemo Oct 5 th ; will have to take for a year; chemo makes her very sick, diarrhea & dehydration makes her have to go to ER Linda McGuirt's friend
Teresa Raims	Dementia Jimmy P
Shelia Rigsby	pancreatic cancer; finished radiation therapy & numbers came down initially, but went up drastically. Labs showed pancreas tumor was unchanged but she had tumor studs on her liver, colon, & nodules on her chest. She decided no more treatments, she gets fluids several times a week & they are trying to keep her comfortable Belinda's cousin
David Robinson	Back pain is better, doing exercises to help Holly
Margaret Robinson	macular degeneration; will go back to retina specialist in March for a consult about eye surgery; shots in shoulder & lower back has helped pain; nothing showed on the x-rays; MRI Thursday Holly's Mom
Chip Scocca	Nanci S. brother, doing ok, thankful for the prayers
Belinda Siggers	Cancer numbers are up, chemo & treatments make her extremely sick, treatments every 3 weeks; tumor is in abdomen next to spleen & colon, pray it is not attached to the spleen, going to MD Anderson Feb. 5th she will be there 3 days for tests & doc. appt. Carol Sellers (Nathan's mother-in-law, Brianna's Mom)

Carolyn Smith	Carly Smith's daughter-in-law cancer, finished her chemo; double mastectomy went well, waiting on lab reports to see if she will need radiation
Ross Tapley	Was born without enough pigmentation in his eyes which was affecting his sight, at his check-up Monday his vision was perfect! Pat Lynch's great grandson
Dot Vickers	Malignant tumor on spine, nothing they can do, pray for peace & comfort; doing great Gayle Huff her son Jimmy is working & doing good, not living with his Mom
Faye Wakefield	Severe pain, not sure she will improve without a miracle Bro. Ben
Cheryl Waller	Waiting for a heart transplant Gloria's cousin
Rosby Warnock	4 yr. old, removed large malignant tumor from chest after chemo; had last maintenance chemo through port. Will continue taking meds by mouth for another more week; scans will be scheduled soon to decide what is next Ann A.
Nancy Sanford Washburn Family	Nancy's Mom, Bess, passed peacefully at the Veranda yesterday, a graveside will be held at a later date
Major Webb	lives in Guam; still having headaches, going to Hawaii this month to see another neurologist Busko's nephew
Sue Weldon	Leg swollen & red, did Doppler Scan to check circulation & her circulation is good, put her on antibiotics & her leg looks better; cancer doctor gave her a shot for her bones, back in 3 months due to AFIB
Tyler White	Diabetes Ann Clark
Paul Williams	John & Brenda Lipscomb's son-in-law emergency brain surgery July 14 th at UAB; follow-up with doctor in Boston: no surgery is needed right now & he may never need surgery, the fistula in his brain can grow & affect his vision over time but that is something that can be monitored
Angie Willis	approved to go on the kidney transplant list; Labs showing kidney failure, they could not finish the fistula on the 18th because it closed up, doctor will try to do a graft, she wants to try home dialysis, please pray she will be able to do it; lab work will indicate when she starts dialysis; still praying for a donor Susan Tittle's daughter
Jane Wilson	Diagnosed with kidney failure Gloria
Leigh Wyngard	Staph infection in surgery site after open-heart surgery; bad diabetic; came home with wound vac and home health; on antibiotics for 3 months; wound vac is GONE, looks like she will be completely healed with no need for home health in a month Susan Tittle
