Members Needs	
Bob Daniel	Diagnosed with multiple myeloma; bone marrow biopsy last week, results tomorrow
Belinda Daugherty	CT of chest was normal; allergist said allergic to grass & dust mites, scan of sinuses was clear, diagnosed with "silent reflux". Treating her with meds for 3 months then back for follow up Jaime Farmer (daughter) gall bladder symptoms, scan was negative, still hurting but working, EGD showed some gastritis & they did biopsies of those places, put her on some meds but they have not helped with the discomfort; had HIDA scan today to rule out gastric ulcer & gallbladder issues
Glen & Connie Elmore	Test showed cancer spread to lymph nodes and hip
Bill Francis	heart cath showed 2 blockages of 100% and 2 that can be helped with a stent; not a candidate for open heart surgery due to health & age; did 2 balloons & 1 stent, he is a bit stronger & will do rehab for 12 weeks
Lucy Fuller	diagnosed with auto-immune disease, meds she has been on not working, doctor is still trying to get approval from insurance for infusions
Bubba & LuCile Gibson	LuCile will be in a boot for a while; Bubba is home & they are both doing pretty good; Bubba started PT this week, 3X a week in Opelika
Shelia Gullede	Doing pretty well, sleeping less during the day, still very weak, working to build up her strength
Pete Harris	PSA was down to .03 at most recent check-up; going to take the pills another 3 months & he will get one more shot in 3 months, then the doctor may take him off the meds
Christy Harrison	has cirrhosis, still waiting on appointment with liver specialist (hepatologist) at UAB; continuing EGD's until she swaps doctors; gastroenterologist appt. tomorrow, O2 dropped to low 50's during last EGD
