Vision 2026

London Mission Trip

...My heart's desire and prayer to God... is that they may be saved (Romans I0:I NIV).

Please continue to pray for your "ones" and ALL the lost & unchurched

Pray for the fall elections. Pray that we can stand firm in our faith as we vote, while showing grace to those who disagree with us. Pray that our leaders will be held to account & for their wisdom as they lead.

2 Chronicles 7:14 Proverbs 11:14a Romans 12:2

Members Needs		
Ann Atkins	recovering from spinal stenosis surgery in neck, doing great, follow-up 22 nd	
Butch Clark	prostate cancer but contained; finished radiation; PSA levels came down 3 points, PSA levels dropped another point, recheck in 3 months	
Jim Clark	Did biopsy on skin cancer on nose Monday	
Bob Daniel	multiple myeloma; infusions & meds weekly, PT Thursdays; immune system so low they are discouraged from going out, not finished with treatments but only has to see the doctor once a month now	
Betty K Dyson	elbow doing ok, nerves still angry; biopsy right breast benign, cancer grade 1 stage 2, lumpectomy with 3 lymph nodes removed on left, 3 duct glands removed on right, no cancer in lymph nodes, tumor removed had one area close to margin, surgeon may want to go back in & get larger margin, ducts in right breast pre-cancer noninvasive carcinoma & completely removed, starting hormone pill that blocks body from producing estrogen, possibly no radiation, final decision when meet with surgeon 23rd	
Sonny Dyson	TAVR procedure (minimally invasive valve replacement) went well, no permanent pacemaker necessary, getting a little more energy every day; had follow-up at eye doctor, has new contacts, pray he adjusts to them & his sight improves, follow-up end of July	
Glen & Connie Elmore	cancer has spread to lymph nodes and hip; at last scan, cancer has not spread & appears to be dormant	
Pete Harris	Had another seizure that affects speech, lasted a while but better now, had slurred speech Sunday & didn't feel well, speech is better	
Robert & Gayle Hawkins	Strokes in brain stem weakened right side, doing great; Robert has "fuchs dystrophy", requires surgery in both eyes, surgery on right eye went well, vision much better, good report at follow-up for right eye, will do left eye Aug. 6 th	
Bill & Jan Holland	Still having some tummy issues, dementia is hard, struggling	
Sonny Huey	ulcer in stomach & hiatal hernia, so far all tests have come back good, had vascular tests on his legs	
Brenda Hughes	doctor "lanced" a stye under eyelid last Thursday, it's doing better	
Jerry Hughes	Feels much better, energy level still low, issues with arthritis	
Mike Jones	coverings on nerves from spine fraying, pinched nerve & nerve damage in right leg; pacemaker procedure was a success, scope went well and everything was fine, there is a newish procedure for reducing size of prostate only done at UAB, they will discuss further with urologist here before deciding	
Nita Kendall	Recovering from knee replacement, getting better each day, looked good at follow-up, PT at wellness center	

Jimmy Peoples	Mailed heart monitor back, waiting to hear results
Billie Nell Sanford	pray for Harriet & Scoon as caretakers; fell & broke hip, replaced ball joint, rehab
	Dadeville HealthCare Rm 203, trying hard with PT, maintaining, still dealing with
F1 1 0 11	catheter, pray her mobility continues to improve
Elaine Smith	Bulging disc
Joyce Smith	Fell, has 2 breaks below left shoulder, good report at follow-up 24th, come back in
YAY G 1:1	3 weeks to see if it is completely healed, may not need PT
Wayne Smith	Non-small cell lung cancer, CT scan showed tumor on lung was gone; finished radiation treatments, doing immunotherapy treatments (11th) scans looked good,
	no new areas of concern, other areas smaller, more radiation in August
Karla Teel	Biopsy of knots on neck showed recurrence of lobular breast cancer, brain MRI
	showed no cancer, does have 2 malignant spots on chest wall, when all tests from
	MDA are in and evaluated, they will determine treatment plan
Debbie Thompson	Recovering from gall bladder surgery, liver biopsies were negative, no cirrhosis,
	scarring due to chronic gall bladder disease, good report at follow up, will do
v 1 m1	liver scan in 6 months to be sure everything is still good
Jacky Thompson	Retinal detachment & tear surgery, great report at last follow-up, can sit up now & sleep on his side, no patch, gas bubble is finally GONE, follow-up August 3rd
Ramona Thornton	Recovering from broken hip, repaired with plates & screws, doing better
Marie Tidwell	Facial pain has come back, met with oral surgeon, CT scan showed fragment in
Marie Huwen	gum where tooth was removed last year, it has triggered atypical face pain, doctor
	wants to wait a couple of weeks before committing to surgery; waiting on results
	of biopsy on nodule in thyroid
Judy Waters	breast cancer, lumpectomy July 25th RMC
Kathy Williams	surgery to replace entire spinal stimulator & properly locate went well, improving
	slowly each day, got a great report at follow-up, doesn't have to go back unless
	she has a problem
	I sue nas a problem
	Special Requests
